

Case Study

Ferriston Play Area, Banbury

Ferriston Play Area in Banbury is a lovely hub for the local children. Its equipment had stood the test of time, so the council allocated funds to refurbish and improve the local play space. HAGS' proposal was chosen by the local community in consultation as the preferred design.

Creating the best play space for local children

Banbury Council was looking for new equipment at Ferriston Play Area, a lovely hub for the local children. HAGS was invited to tender for the project and was the best design chosen by the public. The new playground contains a great variety of HAGS products, and brings joy to the community.

"A brilliant experience"

Samantha Farrow from Banbury Town Council praised HAGS: "Working with HAGS was a brilliant experience. The project started sooner than predicted and was completed within 4 weeks! The sub-contractors all completed their works on time and professionally and we are very pleased with the overall project time and professionalism."

Project value: £48,000
