

Case Study

Folly Farm Adventure Park and Zoo Begelly, Kilgetty, Pembrokeshire

This amazing Holiday Park, right next to the top-rated zoo was looking to expand its range of facilities for children which would give them a place to meet new friends and make great memories.

Entertainment all day long

Folly Farm Adventure Park and Zoo was looking to develop its onsite Holiday Park. Whilst the Adventure Park itself is full of animals and entertainment, they wanted to ensure that their younger guests who would be staying onsite would be occupied once the park closed.

Something for everyone

To ensure the best value for money, a range of activities for all ages was needed which offered robust, yet attractive, low maintenance equipment. Our team ensured that there was something for every age group, including a Grolly and Rally Springers, a 2.4m Olympic Basket Swing, a Vippy Seesaw and a fabulous Multi-play unit, the UniPlay Bolanta.

Project value: £27,500
